

Welcome to Storytime! 

We are glad you are here!

Please abide by the following expectations:

- *Sign up beforehand so we can plan for social distancing
- *Use hand sanitizer upon entering the library (available at storytime)
- *Bring a blanket to sit on (we have chairs for parents)
- *Sit as a family and stay together
- *Do not wander the library during story time, wait until after storytime is over to find books to take home.
- *Parents can quietly walk with restless kids by the entrance
- *Please do not distract others from listening to the stories
- *Do not take a book off the shelf unless you are checking it out-- bring any unwanted items to the front so we can sanitize them
- *A craft/coloring page will be provided but we ask that you do it at home

Reminder: Please help your children to treat our library books respectfully so that everyone can enjoy them for years to come!

- > Read with clean hands
- > Do not read while eating or drinking
- > Keep the books clean, dry, and in a safe place (away from babies and pets)
- > Do not fix library books yourself-- please bring them to our book hospital so we can use the proper materials
- > Do not color or write in the books
- > Do not chew on the books (yes, that happens!)
- > Use a proper bookmark instead of folding the pages or using something thick that may break the spine and binding of the book
