

# Computer Resources

## Computer Lab

Our library has a lab that is accessible to anyone in the public. Currently there are 7 computers for public internet use. You do not need a library card to use our computers. Please ask a librarian for help.

## Public Internet Access

Internet access is open to anyone in the public. We have Wi-Fi and are able to also place you on a computer if you need one. Our computers also feature word-processing programs. Come into the library and start browsing! **\*\*Please note there is an age minimum requirement, ask our librarians about under age 18 use.\*\***

## Printing

### COST OF PRINTING

- \$0.20/page for black and white or **\$0.50 for color**
- Printing double-sided is considered two pages

### Wi-fi Printing:

Currently, our library does not have the ability to wirelessly print from your devices. We apologize for the inconvenience and hope to add this to our library in the future.

## Faxing/Scanning

- Faxing: This service is currently **not** available at our library. We are sorry for the inconvenience. We are happy to offer you the options that are able to provide this service for you in town.
- Scanning: We can scan and email documents back to you. (This is also a great option instead of faxing if the receiver will accept that form.)

## Laptops

We have Laptops (i.e. Chromebooks) that are available for check-out, these are useful for school projects and have been widely used by Juab County for events that they have hosted. If you are in need of this service please see our front desk. **\*\*Please NOTE:** These laptops are only available for check out to those that have an established card with our library, at this time. **\*\***

## Hotspots

Hotspots are available to patrons with an *existing* library account with the library, new patrons and/or visitors are not allowed to check out hotspots at this time. These are great for internet use during travel, please note these are powered by Sprint--If service is not available, they will not work.

These are also usable for *STUDENT* check-out; these are under special permission and will be for students that live within the Juab School District. We are currently working on making these available to *ALL* students who stand in need regardless of library card.
