

Nephi City “Town Square” New Soccer Fields A Go!

Christmas came early to Recreation supporters in Nephi & Juab County. Special thanks to the support of Nephi residents passing the November PAR Tax. Nephi City Council unanimously agreed December 18 to provide a interfund loan to the Recreation project, so that the project could start now and not wait several years for the sales tax to accrue. The project will provide needed soccer fields while saving tax payers money through the use of existing park/watering/grass space. A ribbon ceremony will be set for Spring 2019. Youth soccer will now expand to be played Spring & Fall.
